

Building Services

Experienced Professionals. Reliable Service. Quick Response.

What We Offer

Leopardo's Building Services group offers general maintenance, emergency service and light construction work. Our years of project management experience provide you with a variety of building services backed by a trusted name in the construction industry. Our partnerships with professionals in every industry ensure that your project will be completed with the consistent level of quality that our clients have come to expect.

Value

Our competitive pricing comes from years of experience and some of the most efficient professionals in the business.

Convenience

Flexible access and considerate execution means completion of your job with minimal disruption to occupied spaces.

Reliability

We have earned the trust of corporations and property managers to be the maintenance and service provider they rely on.

Specialized Teams

Our skilled teams of tradesmen have the specialized knowledge, equipment and products to expertly finish your project.

Rapid Response

Whether you need 24-hour emergency service or flexible scheduling, your project comes first.

Our Services

Leopardo's Building Services teams provide prompt, efficient building maintenance, systems service and general construction work. We provide a full range of capabilities from quick repairs to regular maintenance to troubleshooting of your computer-controlled systems. We guarantee our work and provide instant response and clean, quiet, considerate execution of all your facility needs.

Carpentry

Even when it's not under construction, every building has a million moving parts and needs a reliable team of qualified tradesmen to deploy when and where the need arises. We provide expert installation of doors, door frames, hardware, millwork and acoustical ceiling tiles.

General Labor & Demolition

Our skilled technicians understand the complexities of performing demolition, especially in occupied environments. Proper protection, safety and noise control are factors that we consider well before the start of any project. We also have expertise working in environments that may contain hazardous materials.

Metal Stud & Drywall

We want to be your preferred contractor for any office reconfigurations that you may have. Whether you need to subdivide a space, relocate a door opening or move a wall, Leopardo's Building Services group will ensure the process is worry-free.

Taping & Painting

With a robust team of tapers and painters, we provide 24/7 access to the best in the business. Our specialty finishing services cover the whole job, including taping and painting, minor patching as well as floor coatings and wallcovering installation.

Additional Services

No project is too small for Leopardo's Building Services group. In addition to the featured services, we are qualified to offer the following services with the same great skills and reliability.

Concrete Repair
Acoustical Ceilings & Wall Treatments
Toilet Partitions & Accessories
Loading Dock Equipment
Fire Protection
Electrical

Masonry
Flooring
Audio Visual
HVAC
Plumbing
Security Systems

What to Do Now

Trust Leopardo Building Services group to coordinate your building maintenance, light construction and emergency service projects. Let our expert team of dependable, dedicated tradesmen provide the quality work you expect, for any size project, at affordable rates.

We offer a variety of arrangements including unit pricing, time-and-material open books and yearly service contracts.

“We use Leopardo for all our short-lead-time projects. For instance, when we need an office built over the weekend for a new executive arriving on Monday morning, they respond immediately, work hard, and deliver superior service and craftsmanship. Their Building Services group is that good!”

Carlton Blunt

Regional Facility Engineering Manager
Juno Lighting Group

“Leopardo’s team was very professional, quiet and clean. They also provided scheduling and phasing solutions too, so that we could maintain our daily operations with minimal disruption.”
